This chap is marvelous. He can cause Dawei that much trouble...

Dawei is fucking awesome after all. No shit for this blatant guy!
Damn it, it hurts a lot.
This guy is going to be a pain in the ass!
Finish him!
Hey, didn't I win already ...
Dawei, you're still a newcomer. We must exterminate the problem.
Chaps like him are once in a century. He'll trouble us a lot in the future, better finish him now.
Nah, I'll have some mercy and waste his non-dominant left hand.

In the summer holiday before I advanced to Year 5, mum suddenly came back.
Mum! It's rare that you come back except for Spring Festival!
Could it be you had enough of woking there and decided to move back?
Come back mum! Brother has graduated and started working as well!
Great! Everything may turn better...
Actually... Mum's here to bring you to Shenzhen.
Mum divorced with your father...

Sorry
Didn't tell you in advance
Wait, are you kidding? Why would it became like this?
